Frameworks	React, Next.js, Node.js, Express.js, React Router, Vite
Data and services	PostgreSQL, Supabase, REST APIs, authentication, Stripe Checkout, Twilio SMS
Testing and tools	Vitest, Supertest, Git, GitHub, VS Code, command line, Netlify
Professional strengths	Troubleshooting, technical documentation, responsive design, systems reliability
Professional credential	Commercial Driver's License (CDL) Class A with Tanker and Passenger Endorsements

SELECTED PROJECTS

Il Veliero Porticello | Live paid-client website

Technologies: Next.js, React, TypeScript, responsive design, GitHub, custom DNS

Converted photographs of a printed menu and waterfront venue into a responsive customer-facing website and digital menu with map, review, QR-code, source, and custom-domain access.

<https://ilvelieroporticello.com/>

Redeemed by Casper | Live barber portfolio

Technologies: Next.js, React, TypeScript, Tailwind CSS, Booksy, Vercel

Mobile-first Redeemed Precision Grooming portfolio with clear service presentation and an established Booksy booking handoff.

<https://redeemedbycasper.com/>

Greater Expectation | Live community-service website

Technologies: Next.js, React, TypeScript, responsive design, accessibility

Created a clear ministry website for Pastor Troy and the Greater Expectation congregation, organizing visitor, message, prayer, and ministry paths while leaving unconfirmed details marked as coming soon.

<https://www.greaterexpectation.org/>

Jukebox Pro | Coursework

Technologies: Node.js, Express, PostgreSQL, JWT, bcrypt, Vitest, Supertest

Authenticated playlist API with registration, login, protected user-owned routes, relational data, seed data, and tests.

<https://github.com/frankbjj23/jukebox-pro>

Book Buddy | Coursework

Technologies: JavaScript, React, React Router, Vite, REST API

React catalog client with book details, registration, login, account actions, reservations, and returns.

PROFESSIONAL EXPERIENCE

Field Operations Specialist

Water Treatment Operations | Bergen County, New Jersey | Current role

- Support field operations with attention to safety, monitoring, documentation, communication, and dependable procedures.
- Troubleshoot operational issues, document observations, and remain composed when real systems require attention.

Full-Stack Developer

Independent Project Development | 2025 - Present

- Build responsive projects using JavaScript, TypeScript, React, Next.js, Node.js, Express, PostgreSQL, and Supabase.
- Delivered the live Il Veliero paid-client website and Greater Expectation community-service website with verified content and public documentation.
- Document project status, setup, technical decisions, and current limitations through repositories and portfolio case studies.

Independent Master Trainer

Self Employed | New Jersey / New York | 2019 - Present

- Design structured programs using goal analysis, progress tracking, scheduling, and clear communication.
- Manage client communication, digital tracking, and daily operations independently.

Owner / Operator

Eagle Holdings Corp | New York, New York | 2018 - 2020

- Managed operations, workflow design, client onboarding, reporting, budgeting, and vendor coordination.

Chief Operating Officer

Premier Capital | Brooklyn, New York | 2015 - 2018

- Directed daily operations and supported team accountability, communication, internal workflows, and performance tracking.

EDUCATION

Software Engineering Bootcamp

Fullstack Academy | Graduated March 2026

- Completed immersive training in JavaScript, React, backend fundamentals, SQL databases, authentication, testing, data structures, algorithms, and application development.
